Further, Our God, The Holy Trinity, is a God of LOVE, MERCY & JUSTICE and will not be politicly used or mocked to deceive and lead His people astray. God has severely judged the enemies of His justice of love in the past, the pharaoh of Egypt, Sodom, Nineveh etc. Trump is an arrogant, corrupt and racist dictator and we will yet see his wrath and fury directed towards those who oppose him. He is a son of The father of lies and deception, a corrupt worldly leader acting exactly like the murderous racist Hitler did in our western nations. Trump is a divine trial of faith. He represents the world and all the idols of Egypt - the golden boy, golden calf, you might say. Through him God is judging us. He is now presenting us with a choice, His Kingdom of The Spirit or the kingdom of world and dark prince Satan. Trump is Satan's new world pharaoh here in the West. He is the new rising fascist dictator with no respect for God, His commands and the justice our civil laws, rights and freedoms. He is attacking the very foundation of our Judeo-Christian cultural life here in our democratic free West. I have seen God's justice coming for several years and warning others -its frightening, believe me. Our God given Pope Francis like Pope JP II represent the modern day Moses in the West. That cry out to former communist fascists and present rising fascist pharaohs, "Let my people go free" and that's what we are now hearing in this present outcry of, "Black Lives Matter." God is going to act with sever justice soon to save His people from more tyranny and lawless injustice. Trump is God's test to us of genuine faith in Jesus and His uncompromising Gospel. Our Father's justice is coming and He has already begun separating His sheep from His goats from within and from without His Church. Like in the time of Nineveh, we must pray and fast for God's mercy for Him to relent - LORD HAVE MERCY, HELP US OH LORD!
