## Celebrate Lent with Padre Pio!

St. Pio of Pietrelcina, or Padre Pio as he's widely known, personified the season of Lent perhaps better than any other saint. In 1918, he had a vision of Jesus. When the vision ended, he had the stigmata in his hands, feet, and side. Yet this holy and humble Franciscan understood that earthly pain is temporary; Christ's death meant his salvation—and ours.

Join us this Lent with meditations, prayers, and words of comfort from Padre Pio himself, delivered right to your inbox!
